

Making it easier for you to provide quality care.

### Health Information Exchange Financing

We know how important patient information is to your ability to deliver the best possible care. So Webster partnered with the Connecticut State Medical Society (CSMS) to help you take advantage of the new Health Information Exchange (HIE), CTHealthLink, that CSMS is bringing to Connecticut.

CTHealthLink will allow for data sharing between Connecticut hospitals, physicians and other healthcare providers – giving you access to the critical patient data you need at the point of care. As a CSMS member, you can take advantage of these Webster Bank opportunities to make your CTHealthLink participation as cost-effective as possible.
